

Wiesbaden Group on Business Registers

Country progress report 2017 and future plans

Country:

Denmark

Reporter:

Steen Eiberg Jørgensen

Institution:

Statistics Denmark

I. Organisation, Population and Usage of the Statistical Business Register

1. Name of the register

Danish Statistical Business Register (SBR)

2. Name of the organisation responsible for holding the register

Statistics Denmark

3. Position of the register unit in the organisation

Business Data Collection and Registers, Department of Business Statistics

4. Number of employees in the register unit (Headcount employees)

App. 11 (+ 2 IT)

5. Primary goal and use of the register

The Main purpose of the SBR is to make the statistical frame for any business related statistics produced by Statistics Denmark.

6. Year of establishment of the register

1983

7. Year(s) of the main re-engineering(s) of the register

1993, 1999, 2008, 2011, 2013

8. Number of active enterprises* in the register at the end of 2017

*If it is difficult to use Enterprises, you can use Legal units instead.

Enterprises: 321.000 (over trashhold)

(Legal units: 825'000)

9. Does the register have geographical coordinates assigned to every address or could they be obtained through other registers linked to it?

Yes

II. Progress and Developments in the Past Year

Please list main achievements (maximum 3) in the past year (2016) or the problems you have tackled. Also, please classify them according to the categories within each drop-down list.

1. Short title of work which was done

(Category)

Updating the data exchange

4. Data sources

Description of work (max 4-5 sentences)

we are working on updating the connection to the ABR - end 2018

2. Short title of work which was done

(Category)

Updating datamodel

5. Maintenance

Description of work (max 4-5 sentences)

The new data acceptance means that we also update the data model. updating of Oracle, and not least updating of rules

3. Short title of work which was done

(Category)

SBR strategy for 2018-2022

1. Roles of the SBR

Description of work (max 4-5 sentences)

SBR has made a strategy for its application closely related to SD strategy. The strategy was made in collaboration with many users and approved by the Executive Board. Initiatives found through the strategy are prioritized (to some extent) by the SBR user group

III. Future plans

Please list themes/projects (maximum 3) which you plan to tackle in the current (2018) and following year(s). Also, please classify them according to the categories within each drop-down list.

1. Short title of work planned

(Category)

Updating datamodel

5. Maintenance

Description of work (max 4-5 sentences)

Finalize the project with updating the datamodel and dataexchange with ABR and the associated quality programs

2. Short title of work planned

(Category)

We all refer to the same units

1. Roles of the SBR

Description of work (max 4-5 sentences)

SBR works together with SBS, STS, Trade, NA and other users of units from SBR to have a common understanding for the units and IF they do something else to make sure it is described in the documentation of the statistic.

3. Short title of work planned

(Category)

Extract system and frozen versions

7. Dissemination

Description of work (max 4-5 sentences)

SBR extract system is 5 years old, and we have got new data and new users.
In order to ensure efficient and consistent use of data, data in the frozen versions must be expanded and withdrawal must be updated due to new data model.
The new data requested must be made available in the SBR retrieval system, for example data about groups

IV. Main challenges

Please list main challenges (maximum 3) with respect to development, maintenance and use of your statistical business register. Also, please classify them according to the categories within each drop-down list.

1. Main challenge 1

(Category)

Finalize the project with updating the data model

5. Maintenance

Description of the challenge

We do not have enough IT resources available even though time has been granted

2. Main challenge 2

(Category)

FATS

1. Roles of the SBR

Description of the challenge

To create understanding for EGR. The current quality and how quality is improved by closer contact between EGR and FATS

3. Main challenge 3

(Category)

resources for the work on EGR

1. Roles of the SBR

Description of the challenge

It is difficult to get resources for work on EGR if it is not financed by Eurostat. And not all work on EGR is funded by Eurostat. It pushes all other initiatives.
