No

II. Progress and Developments in the Past Year

Please list main achievements (maximum 3) in the past year (2017) or the problems you have tackled. Also, please classify them according to the categories within each drop-down list.

1. Short title of work which was done

SBR Data Integration with Economic Census 2016 Data

(Category)

2. Coverage

Description of work (max 4-5 sentences)

To improve the coverage of the SBR, started from 2017 BPS has integrated the SBR database with the result of the Economic Census 2016, especially for the formal sector establishments and the large and medium establishments. This work has been done mainly by 33 interns, the fresh graduates from BPS-State College of Statistics.

2. Short title of work which was done

(Category)

The Making of the Standard Operational Concept and Definition for the Economic Statistical Unit

9. Planning and governance

Description of work (max 4-5 sentences)

A guidance has been made to help BPS people in understanding the statistical unit concepts and definitions and to implement the concepts and definitions to the economic entities that are found in the data collection processes. This guidance was mainly created based on the SNA 2018.

3. Short title of work which was done

(Category)

Profiling and Ground Check

5. Maintenance

Description of work (max 4-5 sentences)

As the part of the maintenance program, a continuation of the desk profiling program has been done in the end of 2017. This work was done by the 33 interns, the fresh graduates from BPS-State College of Statistics, mainly by investigating the businesses' websites and annual reports that are published online. After that, a ground check was done to check the active status and some other variables to some businesses in Jakarta and 13 other provinces.

III. Future plans

Please list themes/projects (maximum 3) which you plan to tackle in the current (2018) and following year(s). Also, please classify them according to the categories within each drop-down list.

1. Short title of work planned

(Category)

SBR Data Custodian Reconciliation with Subject Matter Areas

9. Planning and governance

Description of work (max 4-5 sentences)

The SBR maintenance will involve the SMAs again. To support that, since there is a big number of new units from the Economic Census 2016 result, a reconciliation needs to be done to decide which units will be maintained by which SMA based on the KBLI (Indonesian version of the ISIC) and based on the same understandings between the SMAs.

2. Short title of work planned

(Category)

The making of Institutional Sector Standard Classification with the analysis from Economic Census 2016 Data

9. Planning and governance

Description of work (max 4-5 sentences)

As the main user of the SBR in the future, National Account requires that SBR can support their needs. One of the important needs is the use of the Institutional Sector concepts and definitions based on the SNA 2008. A guidance and analysis about those concepts and definitions need to be available in the SBR. The initial work has been done in 2014 and need to be leveraged and then need to be implemented as soon as possible. To make the guidance, there will be an analysis first from the Economic Census 2016 Data.

3. Short title of work planned

(Category)

Profiling and Ground Check

5. Maintenance

Description of work (max 4-5 sentences)

This agenda will involve SMAs Liaison Officers for SBR in BPS head quarter to do the continuation of SBR profiling program.

IV. Main challenges

Please list main challenges (maximum 3) with respect to development, maintenance and use of your statistical business register. Also, please classify them according to the categories within each drop-down list.

1. Main challenge 1

(Category)

Negotiating Access to Tax Data

4. Data sources

Description of the challenge

After the administrative data study in 2016, we concluded that Tax Data will be best suits BPS' need as a primary data source. However, it is rather difficult to negotiate the access of the tax transaction data since there is a law regarding the tax data credential.

2. Main challenge 2

(Category)

Enhancing SBR Coverage

2. Coverage

Description of the challenge

There is a need for leveraging the SBR coverage, not only for corporation, but also household, government, and NPISH.

3. Main challenge 3

(Category)

Surveys Transition to SBR

9. Planning and governance

Description of the challenge

A standard and procedure should be developed for transitioning the surveys, from its existing SMA directories to the use of the SBR as the source of its survey frames.
